## BRAINERD CHAUTAUQUA OPENS ON SUNDAY

### POPULAR SPEAKERS, FINEST OF MUSIC AND BEST ENTERTAINERS

Success of the Brainerd Chautauqua Depends Upon Your Personal Cooperation; If All Who Can, Buy Season Tickets, Its Success is Assured

Park Theatre Scene of Chautauqua; First Program Sunday Afternoon, Brig.-Gen. W. G. Everson and Concert by Goforth's Black and Gold Orchestra

#### Announcement

Brainerd is to have a great INDEPENDENT CHAUTAUQUA, opening Sunday, July 1, and continuing and including Thursday, July 5. This is not to be a Circuit Chautauqua, but is a Brainerd assembly backed by Brainerd citizens, managed by a Brainerd organization, with a program selected by a Brainerd committee.

As stated by officers of the Brainerd association: "The attractions to appear on our program this year will represent some of the greatest speakers, some of the finest music, and some of the best entertainers appearing on the American platform. We plan to have a great five-day Chautauqua, every day a great day and every program a great program, rather than to have a longer period with cheaper attractions. If you will study the official program, you will become enthusiastic about it. We believe in it. It is in every way worthy of your unqualified support."

The Chautauqua starts Sunday afternoon at 2:30 o'clock with a lecture by a prominent Chautauqua speaker, taking the place of Brig.-Gen. W. G. Everson, who speaks in the evening.

**Goforth Orchestra**  
At 3:30 P. M. Goforth's Black and Gold Orchestra, with an unexcelled reputation as a Chautauqua success, will play. Snap, vim and variety combine to make this orchestra one of the most entertaining organizations on the Chautauqua platform. Their splendid programs of classical and popular music are so arranged as to please everyone.

There will be several solo features, including the unusual work of the director, George C. Goforth, who is a master of the traps, marimba, phone and xylophone.

#### Sunday Evening

Sunday evening at the New Park theatre the Goforth orchestra will play, featuring George C. Goforth, xylophone soloist.

The Chautauqua Sunday evening is also resplendent with a brilliant lecture, "The Challenge of the Impossible" by Brig.-Gen. W. G. Everson, a real Chautauqua speaker. He has met and conquered his favorite subject—on the battlefields of both war and peace. He took his place in the world war with the combat troops and came back a Colonel of Infantry. His church today has "standing room only."

He's a big man in body, heart and soul, and his speaking is characterized by the same fire, the same dash, and the same true aim of the splendid war record which won him rank and medals. Everson's lecture will be one of the big dynamic messages of this Chautauqua program.

#### Monday Afternoon Program

Monday afternoon at 2:30 o'clock the Harry Davies opera company, nine members, will present a mixed concert of operatic and semi-popular numbers. Chautauqua audiences like to be made happy. This has been one reason why the Harry Davies opera company has become such a tremendous success. For years Mr. Davies has been the outstanding musical comedian on the Chautauqua platform.

This year he has surrounded himself with a group of eight other unusual musicians. In the afternoon they will give a prelude concert of operatic and semi-popular numbers. At 3:15 P. M. the play reading, "The Money Makers" by Hazel Dopheide, an unusual dramatic reader. Last year was the most triumphant of her seven years of successful lyceum and Chautauqua work. It firmly established her reputation as one of the three greatest play readers in America.

#### Monday Evening

Monday evening at 8 o'clock the Harry Davies opera company will present the comic opera "Said Pasha." This is one of the biggest

events of the entire Chautauqua.

Mr. Davies says of this company: "I am certainly giving you the best company I have ever seen in Chautauqua work, and you are getting the best opera I have ever produced."

#### Other Programs

Afternoon and evening programs of Tuesday, Wednesday and Thursday follow the same high plane set by the initial numbers.

#### Season Ticket Pledges

The amount of money derived from season ticket pledges determines the sum that can be put into the program for the succeeding year. It is the program guarantee for the next year's Chautauqua. Therefore the Brainerd assembly asks the public to subscribe liberally for tickets this year while the Chautauqua is in session.

#### GOMPERS TAKES UMBRAGE AT SPEECH

(By United Press)  
Washington, June 30.—Labor "cannot indulge" in any unwarranted applause of President Harding's speech at Helena, Mont., Samuel Gompers, president of the American Federation of Labor, declared today in a statement commenting on the president's address.

Referring to Mr. Harding's statement in the Helena speech that his administration "has tried to prevent destruction of organized labor," Gompers declared that "the unions themselves have saved the day, and they have done it in spite of official acts of some of the president's leading officers and advisors."

"Labor," continued the statement, is glad to find that the president now records himself as totally out of sympathy with the plutocratic war on organized efforts of wage earners for common expression and advancement, but labor requires more than a speech to balance against the acts that have gone before."

#### RUNAWAY AUTOISTS FIRE ON TOWN MARSHAL

Minneapolis, June 30.—On the trial of two young men, driving south from Minneapolis in a stolen automobile, who drew pistols and fired twice at A. J. Strelz, chief of police at Jordan, Minn., when he stopped them on the streets of Jordan, police arrested two men who said they were Harry Gibson and Russell Doyle, aged 21, both of North Dakota.

Chief Strelz escaped without being wounded and gave chase to the pair, who jumped from their automobile and fled on foot.

The chase led back toward Minneapolis and detectives arrested Gibson and Doyle as they alighted from a motor bus. No charges have been preferred against them.

## Boy Scout Thermometer Bumps "Boiling"

### WOMEN OF NATION APPEALED TO AS A STABILIZING AID

EXPECTED TO KEEP THEIR MEN FROM BOLTING TO A THIRD PARTY

PARTY EXPERTS HAVE BEEN STUDYING POLITICAL MIND OF WOMEN

(By United Press)  
Gardiner, Mont., June 30.—

The women of the country will be appealed to by administration political leaders and campaign managers to act as a stabilizing force in keeping their men from bolting to a third party.

Party experts have been studying the political mind of women as manifested in the last Congressional election and in local and state elections. They believe they have discovered that the women are more conservative than the men and less likely to answer appeals now being made from various quarters to desert the old parties.

Two steps will be taken to accentuate these tendencies and to keep the women not only to remain in the party themselves but also to keep the men of their families to remain loyal.

These are:  
1. Full representation of women on the Republican National Committee in party councils. This measure has already been started with President Harding's full approval.

2. Legislation for women and children along lines of maternity laws, but affecting "other phases of the woman question." This legislation will probably be suggested to Congress at the coming session by Mr. Harding, and will include measures to stimulate legislation of a more specific and detailed sort.

### \* ALL GREEK SHIPS COMING TO PORT SEIZED BY TURKS \*

Constantinople, June 30.—All Greek ships coming to Constantinople will be seized by the Turks, authorities notified the Allies today.

### DESTROYER EXPLOSION INJURES CREW MEMBERS

Newport, R. I., June 30.—Several of the crew of the U. S. destroyer Williamson were reported injured in an explosion in the forward engine room of the vessel here shortly after noon today.

Some injured were said to have been taken to the navy hospital.

Latest reports stated four men were killed and four injured. The explosion occurred while the Williamson was cruising off the coast near here.

The vessel returned to port under her own power and anchored near the naval hospital.

While no details of the accident were available when the destroyer arrived, members of the crew were seen removing men on stretchers to the hospital.

Newport, R. I., June 30.—Four men were killed and four injured in an explosion in the forward engine room of the U. S. destroyer Williamson, it was learned today when the vessel returned from a cruise.

The dead and injured were taken to the naval hospital here soon after the Williamson anchored. The accident, details of which could not be obtained, occurred while the Williamson was steaming off the Rhode Island coast.

Dusseldorf, June 30.—Nine Belgian soldiers were killed and 25 were wounded when a bomb was thrown into a carload of troops near Dusseldorf. The car was blown to matchwood.

Seldom has Brainerd seen more enthusiasm manifested over any project than was demonstrated in the scout drive yesterday, and by the thirty men seated at the "festive board" in the evening grimly determined to "put 'er over."

What is \$145 yet to raise for such workers as these! Indeed, they feel  
(Continued on page 4)

### CLAIM BIG BOUT WILL BE PULLED OFF ON JULY 4TH

GEORGE STANTON, GREAT FALLS BANKER, HAS NOW ASSUMED CHARGE OF FIGHT

SAYS HE HAS THE MONEY TO PAY THIRD INSTALMENT OF DEMPSEY PURSE

(By United Press)  
Great Falls, Mont., June 30.—

No change will be made in the date, and Jack Dempsey and Tommy Gibbons will go into the ring at Shelby on July 4, George Stanton, Great Falls banker who has assumed charge of the fight, said here today.

Stanton said he has the money to pay the third instalment of the Dempsey purse, but that he would not turn the money over to Jack Kearns until Monday.

"We will live up to the terms of the contract, and that is all anyone could expect us to do," Stanton said.

When asked about official statements that he and Dempsey would be prosecuted for fraud if they failed to go through with the fight, Kearns said he thought it unfair to condemn them prematurely.

"We have not failed in any way to live up to our contract, and until we do so we should not be threatened," Kearns said.

Twenty men, supposed to be oil operators at Shelby, have been promised reimbursement of \$5,000 each from ticket sales, and in addition to get 1-3 of the movie rights turned over by promoters.

### \$48,000,000 HELD IN WAITING FOR FARMERS

Rockford, Ill., June 30.—Forty-eight million dollars of government capital has been made available for emergency use of the farmers of the country by the debentures plan of the agricultural credits act of 1923, according to Merton L. Corey of Washington, D. C., member of the Federal Farm Loan board, in an address before the Illinois Bankers association.

### CHEKA KILLS 300 GEORGIAN CITIZENS

Paris, June 30.—The correspondent of the Vienna socialist Arbeiter Zeitung at Tiflis reports that the cheka, Russia's secret police, has shot 300 leading Georgian citizens who were charged with being counter-revolutionists and English spies. The correspondent gives the names of several score of the principal officers killed.

### 2,000 in Norse Society Meet at Grand Forks

Grand Forks, N. D., June 30.—Mayor Henry O'Keefe of Grand Forks welcomed to the city between 1,500 and 2,000 members of the Stavangerlavet, national Norwegian society, who are meeting here in a three day convention. Rev. C. J. Eastvold, president, Northfield, Minnesota, responded for the organization.

### Minneapolis Firm Ships 2,000 Heat Regulators

Minneapolis, June 30.—A complete carload of heat regulators—2,000 of them—was on its way to New York from the Minneapolis Heat Regulator company. The shipment is the largest ever made at one time by the Minneapolis company. Each regulator bears the inscription "Minneapolis" on its nameplate.

### U. S. UNSWERVED BY BRITAIN'S SPURNING OF 12 MILE RUM BAN

FEDERAL REGULATIONS DRAWN UP FOR SEIZURE OF SHIPS CARRYING LIQUOR

FLOUTING OF AMERICAN LAW IS CONDEMNED, SOME FOREIGN LINERS FOLLOW LAW

Washington, June 30.—Great Britain's flat rejection of American proposal for a prohibition 12 mile limit has left administration officials no alternative, it was said, authoritatively, but to await the will of congress as to revision of the law and meanwhile to refuse admittance to ship liquor stores under penalty of seizure.

Regulations invoking the seizure provision of the Volstead act have been drafted and are in possession of prohibition officials for application in seizing foreign ships carrying liquor into American ports in violation of the regulations of the treasury department.

A statement to this effect was made by Acting Secretary S. P. Gilbert. He pointed out, however, that the regulations have not been given formal approval and it is the hope of treasury officials that it will not be necessary to promulgate them. In any event, it was stated, no ships will be seized for the present. It was made plain that the treasury department is reluctant to resort to a drastic course and that it is fully cognizant of the consequences that may ensue in the way of international complications arising with practically all of the maritime nations of the world.

#### Foreign Ships Flout Law

At the same time, the treasury department has become increasingly disturbed over the continued practice of foreign vessels bringing liquor into American ports in violation of its regulations, fully realizing that they are in effect flouting the law of the nation. To permit them to maintain this policy is held to be out of the question and because of this conferences were held again today resulting in drafting of the regulations providing for seizure of the vessels violating the law.

It is doubtful that if it is found necessary to approve and issue the new regulations they will be made effective until after all ships now afloat and bound to American ports have docked.

It was stated that there are 16 vessels in America and on the high seas which are carrying liquor in excess of allowances. But it was indicated that if it was found that other vessels bring liquor to American ports in violation of the regulations, the new seizure regulations will be made effective. It is believed the last of the ships now afloat with excess liquor supplies will have reached American ports by the middle of next week. Previous to making the seizure regulations effective, however, it is assumed that advance notice of such action will be given to foreign nations.

#### Some Ships Obeying Order

There has developed a belief that at the outset shipping interests of various maritime countries, rather than the governments themselves, had through concerted action determined to disregard the treasury regulations with a view to finding out what this government would do about it. Reports now have been received which indicate that some foreign lines at least, learning of the action of the treasury department, have given up the idea of bringing excess supplies of liquor into American ports. Because of this it is hoped that this policy will become widespread and make it unnecessary to apply the seizure regulations.

Paris, June 30.—The French chamber of deputies has set next Friday as the date for interpellation of the government on the message of the Pope.

### CLAIM SPEECHES MADE ATTACKED THINGS BRITISH

LONDON DAILY MAIL PUBLISHES LEVIATHAN TRIAL TRIP CONVERSATIONS

ASSAIL W. F. GIBBS, NAVAL ARCHITECT, WHO RE-CONDITIONED THE SHIP

(By United Press)  
London, June 30.—Speeches

attacking Great Britain in "terms which are unfit to print" were delivered at a gathering on board the shipping board liner Leviathan during her trial trip, according to a dispatch from the New York correspondent of the London Daily Mail, published today.

"Lasker, (then the chairman of the shipping board) who was the official host, listened with every appearance of approval to a tirade of abuse of everything British from W. F. Gibbs, naval architect who re-conditioned the Leviathan," the dispatch said.

The Daily Mail quoted Gibbs as saying that he had learned "all the crooked tricks" of British steamship owners, and that America was now going to sweep the British off the seas.

### GIBBS SAID HE DID NOT MALIGN ENGLISH

New York, June 30.—W. F. Gibbs, naval architect and designer of the re-conditioned liner Leviathan, declared today he had not meant to malign British shipping interests with remarks he made while on the vessel's trial trip.

"Any such construction of my words is a misinterpretation," Gibbs said.

"I value the British very highly as competitors. I have long admired their methods of developing a merchant marine."

Gibbs, when he first read the story printed by the London Daily Mail, declined to make any formal statement. Later, however, he said he desired to correct any false impression the article might have conveyed.

"I admire the British very much," he said.

### LASKER DENIES ANY SPEECH ABUSED ENGLAND

Chicago, June 30.—A. D. Lasker, former chairman of the United States Shipping Board, today flatly denied that he listened while W. F. Gibbs, naval architect, delivered a speech abusing England.

"I never heard Mr. Gibbs make any such remarks as set forth in the London Daily Mail dispatch," Lasker said.

"The whole thing is news to me. The only remark I ever heard Mr. Gibbs make on the whole trip was about the Leviathan breaking speed records," Lasker said. "He said nothing about Britain."

"I heard nothing from any member of the Leviathan party about British crookedness or otherwise abusing Britain," Lasker said. He refused to credit the entire Daily Mail dispatch.

### DYNAMITE EXPLODES UNDER AGENT'S HOME

(By United Press)  
Stuebenville, Ohio, June 30.—A heavy charge of dynamite was exploded early today under the front of the home of J. C. McCoy, dry squad agent, at Richmond, near here.

The entire front of the house was wrecked, and windows were broken for a block in every direction.

Sixteen sticks of dynamite were found under the foundation at the rear of the house. A fuse had burned out before it reached the detonator. No one was injured.

### CLAIM BIG BOUT WILL BE PULLED OFF ON JULY 4TH

GEORGE STANTON, GREAT FALLS BANKER, HAS NOW ASSUMED CHARGE OF FIGHT

SAYS HE HAS THE MONEY TO PAY THIRD INSTALMENT OF DEMPSEY PURSE

(By United Press)

Great Falls, Mont., June 30.—No change will be made in the date, and Jack Dempsey and Tommy Gibbons will go into the ring at Shelby on July 4, George Stanton, Great Falls banker who has assumed charge of the fight, said here today.

Stanton said he has the money to pay the third instalment of the Dempsey purse, but that he would not turn the money over to Jack Kearns until Monday.

"We will live up to the terms of the contract, and that is all anyone could expect us to do," Stanton said.

When asked about official statements that he and Dempsey would be prosecuted for fraud if they failed to go through with the fight, Kearns said he thought it unfair to condemn them prematurely.

"We have not failed in any way to live up to our contract, and until we do so we should not be threatened," Kearns said.

Twenty men, supposed to be oil operators at Shelby, have been promised reimbursement of \$5,000 each from ticket sales, and in addition to get 1-3 of the movie rights turned over by promoters.

### \$48,000,000 HELD IN WAITING FOR FARMERS

Rockford, Ill., June 30.—Forty-eight million dollars of government capital has been made available for emergency use of the farmers of the country by the debentures plan of the agricultural credits act of 1923, according to Merton L. Corey of Washington, D. C., member of the Federal Farm Loan board, in an address before the Illinois Bankers association.

### CHEKA KILLS 300 GEORGIAN CITIZENS

Paris, June 30.—The correspondent of the Vienna socialist Arbeiter Zeitung at Tiflis reports that the cheka, Russia's secret police, has shot 300 leading Georgian citizens who were charged with being counter-revolutionists and English spies. The correspondent gives the names of several score of the principal officers killed.

### 2,000 in Norse Society Meet at Grand Forks

Grand Forks, N. D., June 30.—Mayor Henry O'Keefe of Grand Forks welcomed to the city between 1,500 and 2,000 members of the Stavangerlavet, national Norwegian society, who are meeting here in a three day convention. Rev. C. J. Eastvold, president, Northfield, Minnesota, responded for the organization.

### Minneapolis Firm Ships 2,000 Heat Regulators

Minneapolis, June 30.—A complete carload of heat regulators—2,000 of them—was on its way to New York from the Minneapolis Heat Regulator company. The shipment is the largest ever made at one time by the Minneapolis company. Each regulator bears the inscription "Minneapolis" on its nameplate.

### U. S. UNSWERVED BY BRITAIN'S SPURNING OF 12 MILE RUM BAN

FEDERAL REGULATIONS DRAWN UP FOR SEIZURE OF SHIPS CARRYING LIQUOR

FLOUTING OF AMERICAN LAW IS CONDEMNED, SOME FOREIGN LINERS FOLLOW LAW

Washington, June 30.—Great Britain's flat rejection of American proposal for a prohibition 12 mile limit has left administration officials no alternative, it was said, authoritatively, but to await the will of congress as to revision of the law and meanwhile to refuse admittance to ship liquor stores under penalty of seizure.

Regulations invoking the seizure provision of the Volstead act have been drafted and are in possession of prohibition officials for application in seizing foreign ships carrying liquor into American ports in violation of the regulations of the treasury department.

A statement to this effect was made by Acting Secretary S. P. Gilbert. He pointed out, however, that the regulations have not been given formal approval and it is the hope of treasury officials that it will not be necessary to promulgate them. In any event, it was stated, no ships will be seized for the present. It was made plain that the treasury department is reluctant to resort to a drastic course and that it is fully cognizant of the consequences that may ensue in the way of international complications arising with practically all of the maritime nations of the world.

#### Foreign Ships Flout Law

At the same time, the treasury department has become increasingly disturbed over the continued practice of foreign vessels bringing liquor into American ports in violation of its regulations, fully realizing that they are in effect flouting the law of the nation. To permit them to maintain this policy is held to be out of the question and because of this conferences were held again today resulting in drafting of the regulations providing for seizure of the vessels violating the law.

It is doubtful that if it is found necessary to approve and issue the new regulations they will be made effective until after all ships now afloat and bound to American ports have docked.

It was stated that there are 16 vessels in America and on the high seas which are carrying liquor in excess of allowances. But it was indicated that if it was found that other vessels bring liquor to American ports in violation of the regulations, the new seizure regulations will be made effective. It is believed the last of the ships now afloat with excess liquor supplies will have reached American ports by the middle of next week. Previous to making the seizure regulations effective, however, it is assumed that advance notice of such action will be given to foreign nations.

#### Some Ships Obeying Order

There has developed a belief that at the outset shipping interests of various maritime countries, rather than the governments themselves, had through concerted action determined to disregard the treasury regulations with a view to finding out what this government would do about it. Reports now have been received which indicate that some foreign lines at least, learning of the action of the treasury department, have given up the idea of bringing excess supplies of liquor into American ports. Because of this it is hoped that this policy will become widespread and make it unnecessary to apply the seizure regulations.

Paris, June 30.—The French chamber of deputies has set next Friday as the date for interpellation of the government on the message of the Pope.

### CLAIM SPEECHES MADE ATTACKED THINGS BRITISH

LONDON DAILY MAIL PUBLISHES LEVIATHAN TRIAL TRIP CONVERSATIONS

ASSAIL W. F. GIBBS, NAVAL ARCHITECT, WHO RE-CONDITIONED THE SHIP

(By United Press)  
London, June 30.—Speeches attacking Great Britain in "terms which are unfit to print" were delivered at a gathering on board the shipping board liner Leviathan during her trial trip, according to a dispatch from the London Daily Mail, published today.

"Lasker, (then the chairman of the shipping board) who was the official host, listened with every appearance of approval to a tirade of abuse of everything British from W. F. Gibbs, naval architect who re-conditioned the Leviathan," the dispatch said.

The Daily Mail quoted Gibbs as saying that he had learned "all the crooked tricks" of British steamship owners, and that America was now going to sweep the British off the seas.

### GIBBS SAID HE DID NOT MALIGN ENGLISH

New York, June 30.—W. F. Gibbs, naval architect and designer of the re-conditioned liner Leviathan, declared today he had not meant to malign British shipping interests with remarks he made while on the vessel's trial trip.

"Any such construction of my words is a misinterpretation," Gibbs said.

"I value the British very highly as competitors. I have long admired their methods of developing a merchant marine."

Gibbs, when he first read the story printed by the London Daily Mail, declined to make any formal statement. Later, however, he said he desired to correct any false impression the article might have conveyed.

"I admire the British very much," he said.

### LASKER DENIES ANY SPEECH ABUSED ENGLAND

Chicago, June 30.—A. D. Lasker, former chairman of the United States Shipping Board, today flatly denied that he listened while W. F. Gibbs, naval architect, delivered a speech abusing England.

"I never heard Mr. Gibbs make any such remarks as set forth in the London Daily Mail dispatch," Lasker said.

"The whole thing is news to me. The only remark I ever heard Mr. Gibbs make on the whole trip was about the Leviathan breaking speed records," Lasker said. "He said nothing about Britain."

"I heard nothing from any member of the Leviathan party about British crookedness or otherwise abusing Britain," Lasker said. He refused to credit the entire Daily Mail dispatch.

### DYNAMITE EXPLODES UNDER AGENT'S HOME

(By United Press)  
Steuheenville, Ohio, June 30.—A heavy charge of dynamite was exploded early today under the front of the home of J. C. McCoy, dry squad agent, at Richmond, near here.

The entire front of the house was wrecked, and windows were broken for a block in every direction.

Sixteen sticks of dynamite were found under the foundation at the rear of the house. A fuse had burned out before it reached the detonator. No one was injured.

H. Mayne Stanton, secretary of the Duluth Building Exchange, motored to Brainerd Friday. He stated that the roads were very good with the exception of a short strip near Aitkin. Mr. Stanton says that Duluth is one of the really open shop cities in the country. Contractors operate under the Minnesota Building Employers scale, employing both open shop and union men.

## U. S. SUICIDE RATE IN 1922 SHOWS DECREASE

New York, June 30.—Statistics embodied in the suicide record for 1922, just prepared by the Spectator, insurance journal published in this city, show the suicide rate for the United States last year was slightly lower than in 1921. San Diego leads the whole country in self-murders for 1922, with 47.8 for every 100,000 inhabitants, while Sacramento, San Francisco and Los Angeles are next in line. Manhattan and the Bronx had 15.7 suicides out of every 100,000 inhabitants. The rate for Brooklyn was but 10.6.

## VATICAN AND FRANCE, TENSE SITUATION

(By United Press)  
Rome, June 30.—A tense situation has arisen between the Vatican and the French government over the Pope's recent letter regarding the French occupation of the Ruhr.

An announcement today that a reception planned to be held for the French embassy to the Vatican July 3 has been postponed indefinitely. Increased the tension of the last 24 hours, and was given significant political interpretation.

Announcement of the postponement of the scheduled reception followed action of French leaders in the Senate in repudiating suggestions of the pontiff.

The Pope believes his letter was misinterpreted in French circles, and that his efforts to remedy the situation were not received in the spirit in which they were made.

The Italian newspaper Messagero stated that French ambassador Jonart has been instructed from Paris to seek explanations at the Vatican of the Pope's attitude on French evacuation of the Ruhr.

The paper foresees that the Vatican will take the position that no criticism of French policy or support of German attitude was intended. The Vatican really wishes to hasten a return to normalcy as suggested in previous papal documents, the paper adds.

It is denied that recall of Jonart is being considered as a result of the situation.

Crows Will Pick Up Human Speech.  
Nearly all the true crows, as well as many of their near relatives, will pick up more or less of human speech in captivity; and it is sometimes hard to believe that the slyness with which they invest their remarks, their aptness and intonation, are altogether accidental.

## JULY 4TH PICNICS

J. C. Steinfeld states that, while there will be no July 4th celebration at Shady Point on South Long Lake, still all picnic parties who care to use the grounds will be most welcome.

morning service will be held through-  
out the month of July and friends are  
asked to try to be present.

Young People's Society at 6:45 p.  
m.

Fred Errington, acting pastor

↑ ↑ ↑  
Zion Evangelical Lutheran Church  
(Corner Main and Broadway)  
9:30 a. m.—Sunday school.  
10:30 a. m.—English divine ser-  
vices.

The quarterly meeting of the vot-  
ing members will be held immedi-  
ately after the morning's service.

F. C. Rathert, Pastor.

↑ ↑ ↑  
First Congregational Church  
Our people are asked to remember  
that vacation month is August. Ser-  
vices will be held each Sunday morn-  
ing during July at 10 o'clock with  
Sunday school following at 11 o'-  
clock. The church was comfortably  
cool last Sunday morning in spite of  
the excessive heat outside.

Fred Errington, Pastor.

↑ ↑ ↑  
The Norwegian Danish Lutheran  
Church  
Sunday school at 9:30.  
Bible class at 9:45.  
Norwegian services at 10:30.  
On Monday evening, July 2nd the  
Men's Club will be entertained by  
Mr. and Mrs. Ole Holm at their home  
on 913 11th St. S. E. Members  
are urged to be present. Friends  
and visitors welcome.

O. L. Bolstad, Pastor.

↑ ↑ ↑  
The Evangelical Church  
Sunday school at 9:45.  
Morning worship at 11.  
Mrs. Captain Olson will be the

speaker for the morning service.

Sunday evening will be given over  
to the Sunday school. A Child-  
ren's Day program will be given to  
begin at 7:30. In connection with  
this program a missionary offering  
will be taken.

↑ ↑ ↑

Christian Science Society  
Services in the Iron Exchange  
building.  
Sunday morning services at 11:00  
o'clock.

Topic: "Christian Science."  
Sunday school at 10 o'clock  
Wednesday evening services at 8  
o'clock.

Reading room 211 Iron Exchange  
building open daily from 2:30 to 5  
o'clock p. m.

All are welcome.

↑ ↑ ↑

Methodist Episcopal Church  
E. A. Cooke, minister  
Morning worship at 10 o'clock.  
Holy Communion will be celebrated  
at this service. Every member of  
the church and congregation should  
avail themselves of this opportunity.

Strangers in the city who are Chris-  
tians and wish to attend this ser-  
vice are welcome to commune with  
us.

The church school will meet at 12  
o'clock. This is where the church  
meets in Bible study, all ages from  
three years old and upwards.

There will be no service in the  
evening.

↑ ↑ ↑

Bethlehem Lutheran Church  
Rev. O. S. Winther, Pastor  
Sunday school and Bible class at  
10 a. m.

Mrs. M. J. Reis has charge of the  
Bible class.

Divine services in English at 11  
a. m.

Sermon theme: "Out on the Deep."  
Come to the House of God.

Vesper services in the afternoon  
to which we ask our people to at-  
tend.

On Monday the parochial school  
will continue. Only two weeks re-  
main of this course.

Wednesday evening the Boy  
Scouts meet in the church parlors.

↑ ↑ ↑

First Presbyterian Church  
Sunday school, all departments, at  
9:30.

Morning worship, 10:30. Sermon.  
"National Ideals in Relation to Na-  
tional Greatness."

During the coming week we cele-  
brate our National Birthday and we  
can truly say with the Psalmist of  
old "God hath not dealt so with any  
nation." It is a good time to review  
our history to see the things that  
have made us great. Christian ideal-  
ism has had no small place in our  
success. Are we maintaining the  
faith of the fathers?

Members of the church are urged  
to make a point of bearing Brig.  
General Iverson, one of the out-  
standing men in the ministry of the

Baptist Church, who will have a  
message worth hearing at the Chau-  
taqua which begins on Sunday af-  
ternoon.

Let us not forget the services of  
our own church but be present to  
welcome the stranger.

S. M. Kelly, minister.

↑ ↑ ↑

Clara Lutheran Church  
Services 10:30. (American lan-  
guage is used.)

SerVICES 7:45. (Swedish lan-  
guage is used.)  
Sunday school, 9:45.

Thursday, July 5th, the Ladies  
Aid will meet at the home of Mr. and  
Mrs. Schoen, East Oak St.

Friday evening the Luther Le-  
ague will have an outdoor meeting  
at South Long Lake at the well  
known "Crosby Point." Watch for  
further announcements.

Saturday evening Miss Elsa  
Brandstrom will speak in our  
church. This is not only for our  
people but for the people of Brain-  
erd. She is known as the "Angel of  
Siberia." Very few know more  
about the "Inside of Russia" than  
this lady. We invite the people of  
Brainerd to come and hear her. A  
free will offering will be taken. She  
will use the American language in  
her address.

August Samuelson, Pastor

↑ ↑ ↑

First Baptist Church  
Rev. Arthur C. Smith, Pastor  
The Bible School session at 9:45  
in the morning. Conducted by Mrs.  
H. A. Olson, superintendent. Classes  
for all ages.

At 11 o'clock the morning worship  
with communion.

All those who have been baptized  
during the month should be present

to receive the right hand of church  
fellowship and partake of the Lord's  
Supper.

Will Anderson will sing.  
There will be no evening service  
on account of the Chautauqua meet-  
ing at 8 o'clock. All are urged to  
join in with the vesper service of  
which further announcement is made  
elsewhere.

The reception which was to be  
given by the young people has been  
postponed one week.

The Sunday School picnic will be  
held at Shady Point, South Long  
Lake, Wednesday, July 4th. All  
are asked to bring well filled bas-  
kets. Meet at the church at 10 o'-  
clock. All who can take cars no-  
tify A. E. Gustafson.

Folly and Wisdom.  
A man can never do anything at  
variance with his own nature. He car-  
ries with him the germ of his most ex-  
ceptional actions; and if we wise peo-  
ple make fools of ourselves on any par-  
ticular occasion, we must endure the  
legitimate conclusion that we carry a  
few grains of folly to our one of wis-  
dom.—George Eliot.

Oil From "Turfa."  
The "turfa" of Brazil is described  
as a soft, brownish-yellow substance  
that floats on water. From it can be  
distilled crude oil and scrubber  
naphtha. The oil is pronounced a very  
good shale oil. When distilled the  
turfa shrinks to a third of its original  
volume, and seems to offer a coke of  
good fuel value.

Much Bread Eaten.  
If all the bread the average person  
eats in a year were baked in one loaf,  
it would take three strong men to  
lift it and a horse to pull it. The  
weight of the loaf would be 397  
pounds.

## PRESIDENT HARDING SPEAKS ON TAXES

IN turning his attention to taxes President Harding touched a subject that is of interest to all kinds and conditions of men. In one of the emphatic statements of his speech the president invited the people of the land to keep their eyes upon those who administer their governmental units, to impress them with the fact that the people want economy, to turn them out if they are incapable or deliberately extravagant and to give encouragement and inspiration to those who strive to succeed in serving the people as they would be served.

There are certain things about this subject that should be called to mind ever and anon. The president of the United States and the governors of our states, as executive officers, are required to abide by the legislation enacted by congress or the legislatures of the several states. They are not responsible for the large increases in taxation that are imposed upon the people by congressional or legislative enactment. If they stand pledged to a program of economy, and show by their attitude to the government of the nation and the state that they are seeking in every way to hold taxes where they ought to be, they cannot be blamed for the legislation that adds to the tax burden borne by the people.

The present administrations in the states and the nation have not yet been relieved of the burdens imposed upon them by the war. The national debt calls for refunding and the states are required to catch up with the improvements necessary but neglected during the period when the pressure of war claims taxed the wealth of the people.

One of the causes for increased taxation is found in the ever-narrowing margin between those who are paid for doing government work out of taxes and those who pay the taxes. One of our congressmen has pointed out that the time is coming when one person in every ten will be employed to govern the ten. All legislation that calls for more committees, commissions, departments and boards, adds to the taxes paid by the taxpayer. Just where to draw the line in creating such departments is not easily determined. The public clamors for certain legislation that requires a commission to attend to it and then laments over the fact that taxes are high.

The president asks that a careful consideration be given this matter so that government may not be "stingy" or "skimping" but, at the same time, a government that rises "to deliberate public demand." To pay for such a government someone must give, and in the end all of the people give. One of the greatest needs of the day is the simplification of the method of taxation and the second is the recognition of the fact that wars, improvements, commissions and departments must be paid for.

## DISTRIBUTING IMMIGRANTS

DESPITE the will of those who are opposed to an increase in the quota of immigrants, who are allowed to land in the United States, it is likely that the quota will be raised. Industrialists are asking for an increase, and when economic advantage seems to demand the admission of more immigrants, who will be used to relieve the shortage of labor in this country, there is every reason to believe that before long the quota will be raised. The mental attitude of immigrants to American principles is considered a danger in times of a labor surplus but it pales into insignificance during the period of a labor shortage.

With the growth and spread of communistic ideas in Europe, there is every reason to believe that immigrants admitted at this time would be tinged with communistic ideas to a greater extent than were those who were admitted before the war and who have been so generously criticized for their attitude to American ideas. Nor is it true that all such live in southern Europe. In that part of Europe, through ignorance of the more democratic ideals of northern Europe and the United States, inhabitants may be less likely to assimilate American principles, if admitted to this country, than others would be who came from northern Europe. But it must not be forgotten that labor in England, and other northern European countries, is intent upon securing expression in the council halls of the nations, and even those who might come from these countries would be less than one hundred per cent American when measured by the standard of Americanism that demands that things continue without change.

But the real problem of immigration does not find its basis so much in the material Europe sends as in the condition in which the immigrants live after arriving here. If they are thrown into a colony of people who do not speak the English language and do not mix with American citizens, they are likely to build up a racial spirit and a class consciousness that promises ill to the government of the United States. Even now the problem of immigration, despite the three per cent law, is not properly appraised or constantly met. Distribution of immigrants promises more in seeking a solution than almost any other plan that has been proposed. The immigrants must assimilate American ideals but before they can be expected to do this they must themselves be assimilated by the community in which they live. A carefully worked out system of distribution would go a long way towards solving the immigrant problem, and if with that there goes a humane interest in immigrants on the part of Americans the danger from aliens will be infinitesimal.

It seems to be established that the British government does not encourage rum-runners. Governments are not in the rum-running business, but the rum-running interests, like other interests that put profit before international accord, would bring about international friction rather than desist.

HENRY FORD is to extract motor fuel from coal without damaging the fuel value of the coal. If only someone would come along and show us how to extract money from the bank without reducing the bank account, we'd be grateful.

Now that the Interstate Commerce commission has reduced the rate on wheat shipped from Kansas City and St. Joseph, Mo., to Duluth by 5 cents a hundredweight, the need of the Great Lakes-St. Lawrence waterway is the more apparent.

## BOY SCOUT THERMOMETER BUMPS "BOILING"

(Continued from page 1)

that they must produce more than the \$4,000, and not only provide for the \$1,000 permanent camp equipment, but an additional \$3,000 for the year's current expenses.

## Carl Zapffe's Talk

This was the keynote struck by Carl Zapffe, the newly elected president of the Scout council, and which was echoed again and again by many speakers. When Brainerd starts something, let her do it right, was the feeling with which the workers left the Ransford last night for another day on the war path. Several good names are yet to be canvassed by the workers, so doubtless Brainerd will score again and score hard.

## W. A. M. Johnstone

Patrol No. 3 under W. A. M. Johnstone got a big hand of applause when their total gained, \$515.50 was read and chalked on the big bulletin board in the dining room.

## Community Workers

When the roll of community builders is made up, there one will find all the workers inscribed and the men of the city who have dug deep down into their pockets for Brainerd and Brainerd's boys.

Here is hoping and expecting that the final figures of the drive will burst the thermometer and at least touch the \$4,600 mark, which is actually needed.

## John F. Woodhead

John F. Woodhead, the efficient campaign manager, gave words of sage advice to the workers. What he said came as a seasoned campaigner, for he set the example of working with the executive committee and gaining over \$2,200.

## Off for Scout Camp

Thirty Boy Scouts from local Troops 1 and 3 have signed up to leave at eight o'clock Monday morning for a two weeks' camping trip at North Long Lake, near Merrifield. The boys will be taken in automobiles to the camp which will be located on the north side of the lake. Any mail to them should be addressed to the Merrifield post office.

The scoutmaster asks that special attention be given the outfit with which each boy should be provided. The list of necessities follows: 2 blankets, (wool preferred), bar of soap, (floating), 2 bath towels, 2 hand towels, toothbrush, toothpaste, cup, plate, knife, fork, spoon, pajamas or night skirt, pair of shoes, days.

## SALE OF IRON ORE PROSPECTING PERMITS

## Covering State Lands

Notice is hereby given that up to 10 o'clock A. M. on Aug. 13th, 1923, in the State Auditor's Office, State Capitol, Saint Paul, Minnesota, under the provisions of Chapter 412, Laws 1921, I will receive sealed bids for permits to prospect for iron ore on state lands or lands in which the state has an interest, except lands situated under the waters of any public lake or river. At said hour such sealed bids will be opened and permits awarded to the highest bidders.

All applications for permits must be accompanied by certified check made payable to the state treasurer in the sum of \$50.00 for each mining unit applied for and be accompanied by a sealed bid setting forth the amount of royalty per ton the applicant proposes to pay to the state in case his bid for such permit be accepted and a mineral lease issued thereunder. Such sealed bids shall also be accompanied by a certified check payable to the state treasurer in the sum of \$200.00 as a guarantee that the applicant will carry out and perform in good faith all his covenants and agreements set forth in the permit. The sealed bids shall have plainly marked on the envelope containing the same the name of the applicant, the date of the application, to clearly indicate the amount intended to be offered, but no bid shall be accepted which does not equal or exceed the minimum royalty per ton as set forth in said Chapter 412.

The right to reject any and all bids is reserved to the State.

The limitations and requirements as to the purchasers of permits are as set forth in Sec. 5 and 6, of said Chap. 412, which sections are hereby referred to and made a part of this notice.

The general terms and conditions of permits and mining leases are as set forth in Sections 5, 6 and 7, of said Chap. 412, which sections are hereby referred to and made a part hereof.

Lists of lands showing classes and arrangements of mining units, together with blanks and general information covering the subject of permits and leases, including copies of said Chapter 412, Laws 1921, may be had at the office of the State Auditor, Saint Paul, Minnesota.

## SALE OF IRON ORE PROSPECTING PERMITS

## Covering State Lands

Notice is hereby given that up to 10 o'clock A. M. on Aug. 13th, 1923, in the State Auditor's Office, State Capitol, Saint Paul, Minnesota, under the provisions of Chapter 412, Laws 1921, I will receive sealed bids for permits to prospect for iron ore on state lands or lands in which the state has an interest, except lands situated under the waters of any public lake or river. At said hour such sealed bids will be opened and permits awarded to the highest bidder.

All applications for permits must be accompanied by certified check made payable to the state treasurer in the sum of \$50.00 for each mining unit applied for and be accompanied by a sealed bid setting forth the amount of royalty per ton the applicant proposes to pay to the state in case his bid for such permit be accepted and a mineral lease issued thereunder. Such sealed bids shall also be accompanied by a certified check payable to the state treasurer in the sum of \$200.00 as a guarantee that the applicant will carry out and perform in good faith all his covenants and agreements set forth in the permit. The sealed bids shall have plainly marked on the envelope containing the same the name of the applicant, the date of the application, the date received by the State Auditor and class of mineral land involved. The bids shall be made in such manner only as to clearly indicate the amount intended to be offered, but no bid shall be accepted which does not equal or exceed the minimum royalty per ton as set forth in said Chapter 412.

The right to reject any and all bids is reserved to the State.

The limitations and requirements as to the purchasers of permits are as set forth in Sec. 5 and 6, of said Chap. 412, which sections are hereby referred to and made a part hereof.

The general terms and conditions of permits and mining leases are as set forth in Sections 5, 6 and 7, of said Chap. 412, which sections are hereby referred to and made a part hereof.

Lists of lands showing classes and arrangements of mining units, together with blanks and general information covering the subject of permits and leases, including copies of said Chapter 412, Laws 1921, may be had at the office of the State Auditor, Saint Paul, Minnesota.

## WHERE DO AMATEURS GET THE CASH?

By PAUL R. MALLON  
United Press Sports Editor

New York, June 30.—A new storm is being stirred up to clean so-called amateur athletics of professionalism. Great gusts of words are blowing from east and west, howling for reform.

The latest furor is being directed against track athletes. It is said a great number of running stars are receiving money in secret for performing in various meets.

It is known that a policeman can't wear silk shirts and a high hat on his salary. It is known a taxi driver can't tour the world on his profits every year. It is known a poor man can't live in ease without money.

A leading runner said he had been offered \$30,000 to tour the west with a bunch of gamblers for three months. Another sprinter said he had received an offer of \$1,000 for one race.

Gamblers would take the runners to small towns, where there are some local "stars." They would let their man (under an assumed name, of course) lose a couple of races to loosen up the change of the small townsmen. Then they would sock in a good bet and depart with the cash.

One of these runners said he knew many of his brother amateurs that were being paid money. He named them, and named the amount they received for certain races.

"Everybody knows about it," he said. "But what can you do? If you raise a howl, they would sweep out THE BEST RUNNERS IN AMERICA."

"It would ruin the sport and spoil American chances in the next Olympic games."

That's interesting. It certainly cannot be considered "American sportsmanship" to let such a condition continue, the storm stirrers say. If any amateur is receiving money he should be kicked out. And the only reason nothing is being done about it is because it would spoil American chances in the Olympics.

## Entries for Open Golf Meet Reaches 350 Mark

New York, June 30.—Entries for the United States open golf championship to take place July 9 at Inwood, Long Island, has been announced to be 350.

Among the well known professionals entered are Gene Sarazen, Walter Hagen, Joe Kirkwood, Jim Barnes and Jock Hutchinson.

In the amateur class are included Jess W. Sweetser, present amateur champion; Francis Ouimet, Chick Evans, Bobby Jones and Rudolf Knepper.

## MANKATO, MINNETONKA IN GOLF MEET SUNDAY

Minneapolis, June 30.—Thirty members of the Mankato Golf club will come here to meet the Minnetonka Country club golfers in a team match Sunday. A return match will be played at Mankato Aug. 19.

## FINAL INSTALMENT OF \$100,000 PLEDGED FOR SHELBY TITLE BOUT

By HENRY L. FARRELL  
(United Press Staff Correspondent.)  
Great Falls, Mont., June 30.—Although George Stanton, banker, claims to have received pledges for \$100,000 from 20 wealthy Montana citizens with which to pay Jack Dempsey the final instalment of his guarantee, there is considerable doubt as to whether the money will actually be paid.

Unless the money is exhibited in a store window, it will be hard to convince Great Falls that it has really been raised. Stanton insists that the Dempsey-Gibbons bout will be held July 4 as scheduled and that the cash will be turned over to the champion by the time it is due, which is next Monday.

However, the question of whether the fight will actually be held is still on the knees of the gods. There are not enough reservations to anywhere near fill the great yawning arena on the edge of Shelby, and time is too short for people to travel from far away and get here by July 4. People are not showing any disposition to risk cash in railroad tickets to Shelby until it has been definitely assured that the fight is going to be staged on schedule time.

Stanton, the banker who took upon himself the task of saving the fight by securing \$5,000 contributions from wealthy Montanans, is receiving lots of mail, and many of the letters are said to contain actual checks.

There is still considerable talk of postponing the fracas until July 14. Stanton opposes this, saying he will surely have the \$100,000 in time to put on the show July 4. Jack Kearns, manager of the champion, is willing to take a brief postponement, but Tommy Gibbons is understood to favor putting on the gloves at the time specified in the papers—Independence Day.

Shelby, Mont., June 30.—The Dempsey-Gibbons fight July 4 will draw a gate of about \$400,000, Geo. Stanton, Great Falls banker, said it was assured today.

Stanton estimated that 12,000 persons would be attracted from a radius of 500 miles or more.

Fight fans from Los Angeles, San Francisco, Seattle, Tacoma and other Pacific coast points were expected to swell those from Idaho, Montana, the Dakotas and the rest of the middle west and Canada.

## SOUTHERN PACIFIC CALLS OFF ITS FIGHT SPECIAL

Los Angeles, June 30.—Following a conference between Teddy Hayes and Passenger Agent Monahan of the Southern Pacific, it was decided today to call off the Hayes fight special which was to have carried local fans to the Dempsey-Gibbons fight at Shelby on July 4.

Cancellation of reservations previously made, made this step necessary, it was announced.

STANTON BELIEVED TO BE VERY OPTIMISTIC  
Shelby, Mont., June 30.—Stanton perhaps was more optimistic than he would have been in a cold transaction behind the brass grill of his office in the bank, but he knows the country from long experience.

Crowds are in towns near Shelby like homesteaders waiting "at the deadline for zero hour of a land rush." A canvass of tourist camps showed that most of them were bound for Shelby by easy stages to make the fight.

Business had been despondent here, partly because of rain and prey to depression. The Pup cafe, a high-stool restaurant was closed with a feeble yip when the sheriff came along this morning and tacked a notice on the door. But if the poor little pup could only have survived 48 hours longer he might have seen a grub stake and the brief glow of a few days' prosperity caused by mass psychology.

Heavy Insurance Policies.  
In the United States heavy life insurance policies appear to be all the rage among the rich men at the present time. The latest compilations current among underwriters list between 30 and 35 citizens of the United States on whose lives million-dollar policies have been written, and 29 others, including one woman, who have secured insurance for amounts greater than \$1,000,000, the top figure being \$5,000,000, which is reached in two instances. There are also hundreds of other policies ranging all the way from \$750,000 to \$250,000.

Accident Resulted in Invention.  
A brick fell on the head of Charles H. Brislin during the great San Francisco earthquake. It hurt. So Brislin invented the earthquake-proof brick, resolving that if he ever happened to be around another earthquake the occurrence would not be repeated. His brick, which is being manufactured in California and Arizona, is concave on one side and convex on the other. The bricks fit into each other. Less mortar is required than is used for the ordinary brick.

WHEN KIDNEYS HURT DRINK MORE WATER  
If Your Back Aches or Bladder Bothers, Take a Little Salts

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.—Advt.

### FINAL INSTALMENT OF \$100,000 PLEDGED FOR SHELBY TITLE BOUT

By HENRY L. FARRELL  
(United Press Staff Correspondent)  
Great Falls, Mont., June 30.—Although George Stanton, banker, claims to have received pledges for \$100,000 from 20 wealthy Montana citizens with which to pay Jack Dempsey the final instalment of his guarantee, there is considerable doubt as to whether the money will actually be paid.

Unless the money is exhibited in a store window, it will be hard to convince Great Falls that it has really been raised. Stanton insists that the Dempsey-Gibbons bout will be held July 4 as scheduled and that the cash will be turned over to the champion by the time it is due, which is next Monday.

However, the question of whether the fight will actually be held is still on the knees of the gods. There are not enough reservations to anywhere near fill the great yawning arena on the edge of Shelby, and time is too short for people to travel from far away and get here by July 4. People are not showing any disposition to risk cash in railroad tickets to Shelby until it has been definitely assured that the fight is going to be staged on schedule time.

Stanton, the banker who took upon himself the task of saving the fight by securing \$5,000 contributions from wealthy Montanans, is receiving lots of mail, and many of the letters are said to contain actual checks.

There is still considerable talk of postponing the fracas until July 14. Stanton opposes this, saying he will surely have the \$100,000 in time to put on the show July 4. Jack Kearns, manager of the champion, is willing to take a brief postponement, but Tommy Gibbons is understood to favor putting on the gloves at the time specified in the papers—Independence Day.

## STANTON BELIEVED TO BE VERY OPTIMISTIC

Shelby, Mont., June 30.—Stanton perhaps was more optimistic than he would have been in a cold transaction behind the brass grill of his office in the bank, but he knows the country from long experience.

Crowds are in towns near Shelby like homesteaders waiting "at the deadline for zero hour of a land rush." A canvass of tourist camps showed that most of them were bound for Shelby by easy stages to make the fight.

Business had been despondent here, partly because of rain and prey to depression. The Pup cafe, a high-stool restaurant was closed with a feeble yip when the sheriff came along this morning and tacked a notice on the door. But if the poor little pup could only have survived 48 hours longer he might have seen a grub stake and the brief glow of a few days' prosperity caused by mass psychology.

## Heavy Insurance Policies.

In the United States heavy life insurance policies appear to be all the rage among the rich men at the present time. The latest compilations current among underwriters list between 30 and 35 citizens of the United States on whose lives million-dollar policies have been written, and 29 others, including one woman, who have secured insurance for amounts greater than \$1,000,000, the top figure being \$5,000,000, which is reached in two instances. There are also hundreds of other policies ranging all the way from \$750,000 to \$250,000.

## Accident Resulted in Invention.

A brick fell on the head of Charles H. Brislin during the great San Francisco earthquake. It hurt. So Brislin invented the earthquake-proof brick, resolving that if he ever happened to be around another earthquake the occurrence would not be repeated. His brick, which is being manufactured in California and Arizona, is concave on one side and convex on the other. The bricks fit into each other. Less mortar is required than is used for the ordinary brick.

## WHEN KIDNEYS HURT DRINK MORE WATER

If Your Back Aches or Bladder Bothers, Take a Little Salts

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.—Adv.

"Cousin Kate," showing at the New Park tonight only, makes unusual film production. Alice Joyce has pleasing role in picture version of famous play.
